NFA’s role as an effective regulator stems from the organization’s makeup of talented and compassionate professionals.

Healthy and productive employees are at the heart of NFA’s story as a successful company. We believe caring for the health and wellness of NFA’s workforce and investing in bettering our communities promote our employees’ pursuit of excellence in their work.

This brochure demonstrates further our commitment to our employees and our communities.

I encourage you to become part of our story.

Thomas W. Sexton III
NFA President & CEO
